

**Vicki L. Miller**  
**Accounting Administrator**

Email: vmiller@kmksc.com Tel: 414-962-5110

Vicki has held every type of operations position available during her nearly twenty years with KMKSC. She is presently responsible for managing most aspects of the financial operations and cash-flow. She also acts as the deputy head of operations.

As Accounting Administrator, Vicki is the person to contact in the event of billing queries and billing process issues, and personally handles client questions regarding hourly billing and invoicing. She works with new client personnel to assist them with understanding how KMKSC has worked with their business previously, and what new procedures may be considered to better implement the relationship between the client's needs and the ability of KMKSC to satisfy them.

Fortunately, for both KMKSC and its clients, Vicki has a natural propensity to handle finances and financial duties in the most responsible and efficient manner possible. She also provides a "seamless" back up when Office and Operations Manager, Pat, is not available.
