KOHNER, MANN & KAILAS, S.C. 
ATTORNEYS AT LAW

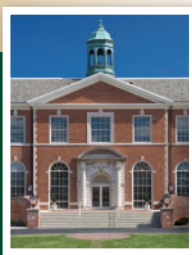

We provide additional dimensions to the expertise of business clients and corporate counsel.

Kohner, Mann & Kailas, S.C. is a business transactions, commercial finance and litigation law firm offering sophisticated, high-quality legal representation in the areas encountered by businesses in their daily course of operations.

We tailor our service to ensure that each client receives the blend of support calculated to deliver the greatest possible benefit in light of their unique internal needs and resources. We can take on all aspects of a given legal need, provide an external source of review to augment internal decision-making, or act as an ad hoc resource for areas outside of a client's comfort zone. We continually share risk with our clients through innovative and often unique compensation arrangements, which are always free of minimum billable hour requirements.

Our distinctive approach enables our clients—whether small businesses or multinationals—to control and minimize legal risk, costs and uncertainty in most areas of commercial activity, through our service tailored to the individual needs and resources of their business.
